Or visit: **www.aqualiteoutdoor.com**

KEY BENEFITS

- Can be used in **Landscape or Portrait**
- Resistive capacitive internal 'Touchfoil' is integrated within our **IP66 toughened glass**, therefore no external overlay is required, improving looks whilst removing any risk if rain, snow or dust is in the air.
- **Touch the surface** of the strong tempered glass a false inaccurate reading will NOT occur. The electrical impulse from your finger does the trick
- **Opens up a whole NEW type of customer** audience i.e. "Outdoor" & create a revenue stream
- **Works outside 24/7** whatever the weather
- **Update information** in "Real-Time" using either the in-built Wi-Fi enabled PC or the hard-wired RJ45
- **2 Touch Sensors** allows the same/**similar use as an tablet** i.e. drag/drop, highlight etc.
- **Effective Communication** with your audience & improve your corporate image
- **Drive sales** with a 24 hour sales lead generation assistant
- Customers will now have access to your complete business portfolio or disseminated content

- **Attract & hold customers attention** at YOUR location-increasing the opportunity for them to buy your product/ service and not your competitors
- Update staff on the key company messages therefore creating a more informed & efficient workforce
- **Fun and engaging to use**
